

## Spring Newsletter!

Global H2O recently completed several spring well rehabilitations in the Lamwo District of Uganda. Well rehabilitation is an important part of the ongoing effort to supply water to those in need!

### Champagne Supernova

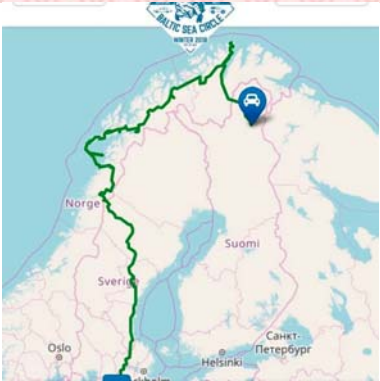

GH2O fans Boris Terwey and Arndt Gaube drove 7500 km around the Baltic Sea to raise money to fund a well. The Baltic Sea Circle Winter is a rally race for a "special" breed of race driver. It takes place at the end of February and lasts about 15 days. The 7500 km course takes teams through the ice, snow, and short days including no less than 10 countries in northern Europe.

This year, Team Champagne Supernova (Boris and Arndt), named Global H2O as its official charity, initially with a modest goal of raising €3000. That goal was reached before the race started, so the team raised the bar to €7000 - the cost of one turnkey water well in Africa. Then, during the race, the €7000 mark was busted, but the donations kept coming in! By the time the team crossed the finish line in Hamburg, a whopping €9400 had been collected and transferred to Global H2O!

Stream

Teams

Global H2O plans to build a well in honor of Team Champagne Supernova donors in the next few months, most likely in a refugee camp in northern Uganda. The additional money will be used to rehabilitate an existing well. All together, the efforts of team Champagne Supernova and the generosity of over 80 donors will be enough to supply over 4000 people in Africa with clean water!

We at Global H2O never cease to be amazed at the creativity of our community. In the name of the people in Africa who benefit from their generosity, we thank Boris Terwey and Arndt Gaube for their amazing effort, their perseverance, and their warm hearts!

## World Water Day 2018 Beer For Water Tasting

The Raleigh Global H2O Group celebrated World Water Day with a Beer Tasting at St. Saviors's Center. Thank you goes to performers Orlando Parker Jr. and Brennan Clark for sharing your talent with Global H2O supporters. Our gratitude goes out to all of the support for Global H2O, world wide!

## Daniels Middle School Presentation

Global H2O Team Members presented to the Jr. Beta Club at Daniels Middle School on February 22nd in Raleigh, NC. Daniels students are participating in Broughton High School's 3rd annual Walk For Water on April 28! We are so proud of these students and their commitment to helping others!

## Shiloh Elementary School Presentation

Global H2O Team members presented to Shiloh Elementary school children in Monroe, NC. on April 12th! They are raising money for a well in Uganda by participating in a 6 mile Walk For Water! All of us at Global H2O are so proud of their efforts to raise money and create awareness.

If you have a school or organization that is interested in hosting a Walk For Water please [contact us!](#)
